About the 2010 District Profile of State Performance Plan Indicators Report

In accordance with IDEA 2004 statute, Section 616(b)(2)(C)(ii) states are required to publicly report district performance against the state targets in the State Performance Plan (SPP). Each spring, the Texas Education Agency produces a **District Profile of State Performance Plan Indicators Report** for each district in the state. This report reflects the district's performance against the state target for SPP indicators 1-14 for a given year. The TEA draws on a variety of data sources to compile this *District Profile*: Public Education Information Management System (PEIMS) for Indicators 1, 2, 4A-B, 5A-C, 6, 9 and 10; the Adequate Yearly Progress dataset for Indicators 3A-C, annual survey results for Indicators 8 and 14; and state data collection systems for Indicators 7A-C, 11, 12, and 13.

The state targets for Indicators 2, 3A, 4A, 5A-C, 6, 7A-C, 8, and 14 are set by the Texas Education Agency with advisement from the Texas Steering Committee. The state targets for indicators 1, 3B-C reflect established No Child Left Behind (NCLB) targets. The state targets for Indicators 4B, 9, 10, 11, 12, and 13 are compliance oriented and set by the US Department of Education Office of Special Education Programs at either 0% noncompliance identified (Indicators 9 and 10) or 100% compliance identified (Indicators 11, 12, and 13). The methodologies for each of these indicators for the given year are available on the TEA website at <http://ritter.tea.state.tx.us/special.ed/spp/publicreport.html>.

Note: Areas which are grayed out under the "LEA Rate" column for Indicators 4A, 9, 10, 11, and 12 reflect that specific LEA data are not reported, only the status of LEA performance against the state target. Not all districts reported data for indicator 8 (depends on whether or not they have been included in the reporting sample). Due to small numbers for Indicator 8, district level data is aggregated at the regional level and are available on the TEA website at <http://ritter.tea.state.tx.us/special.ed/spp/publicreport.html>. Districts that did not meet the minimum N size (50) for reporting indicator 3A are designated with the * symbol in the "LEA Met State Target?" column.
